CMM Inspector

This is a great opportunity for an enthusiastic and experienced CMM Inspector to work within our state-of-the-art machining facility based at Darlaston, West Midlands.

Our Graphite Machining Facility in Darlaston is the largest graphite machine shop of its kind in Europe and boasts state of the art equipment following substantial investment over recent years.

Erodex is a family run organisation which continues to go from strength to strength due to dominance in the Company's respective markets. Investment in its people is a key policy of Erodex culture to ensure that we continue to meet the exacting standards of our customers.

The successful candidate will:

- Program our range of CNC Mitutoyo CMM's, working to tight tolerances.
- Program our Axel based Vision Systems.
- Use manual measuring equipment such as Micrometres, Height Gauges, Protractors, Shadow Graphs, etc.
- Support our Production Engineers in the development of high accuracy processes.
- Run current CMM programs for First off, In Process and Last Off inspection.
- Have experience working with Engineering Drawings, and Geometrical Design and Tolerancing.
- Support Quality Engineers with the creation of inspection plans.
- Create first Article Inspection Reports.

The skills desirable for this position are:

- Minimum 5 years' experience programming CNC CMM's.
- Experience programming Mitutoyo MSCOSMOS is desirable.
- Inspection experience gained in the Aerospace Industry is desirable.
- The successful candidate will have a strong knowledge of mechanical engineering, with experience gained within a machine shop or similar environment.

The Qualifications required for this position are:

- Minimum education level of National Certificate in Mechanical Engineering or a relevant subject is desirable.

Company benefits:

- Competitive rate of pay
- Company sick pay scheme
- Employee Assistance Programme
- Store and leisure discount scheme

This is a permanent, full-time position, Monday to Thursday 6am to 4.30pm, 40 hours per week, with availability to work Friday overtime if required.

If you feel that you have the qualities and skills to succeed in this role, please email a copy of your CV to hr@erodex.com. If you do not hear from us within 14 days, your application has unfortunately been unsuccessful.
